## REQUEST FOR PLUMBING PERMIT RELEASE

As the Contractor and/or Owner are applying for a plumbing permit to modify the interior/exterior plumbing of the affected property, the Authority's service capacity allocation (meter size) to the property may be increased in accordance with the procedures of the Authority's Rules and Regulations. Should such an increase occur, the Authority will assess a Supplemental Availability Fee to the property for the increase in meter size. Further, should the quarterly and/or annual usage limits allowed for a particular meter in accordance with the Authority's Schedule of Rates, Fees and Other Charges be exceeded, the Authority will assess a Supplemental Availability Fee to the property for the increase in meter size resulting from the property's increased service demand.
