VOLUME 2 - RULES AND REGULATIONS

Part B - Schedule of Rates, Fees and Other Charges

1. Definitions

- 1.1 Applicant shall mean any person or entity requesting water and/or sewer service from the Fauquier County Water and Sanitation Authority (hereinafter the "Authority").
- 1.2. Availability - the right of a subscriber to connect to the water and/or sewer system of the Authority upon payment of all applicable rates, fees and charges.
- 1.3 Availability Fees are charges that applicants pay to:
 - A. share in the costs of the existing active water and wastewater systems:
and
 - B. share in the costs of retiring that portion of the existing water and wastewater systems that is inactivated as a result of new demands for service; and
 - C. pay the full costs of future capital improvements to the systems required to serve new customers.
- 1.4 Availability Fee Surcharges are charges that applicants pay where the Authority constructs facilities for public utility service and Availability Fees, are insufficient to pay for such extensions. The surcharge is assessed in addition to the charge of an Availability Fee to users of such extensions and is calculated to off-set the additional expense of system construction.
- 1.5 Base Service Fees are charges that are assessed to all customers to whose property the Authority has assigned Availability and can presently provide service. Customers pay these to:
 - A. share in the fixed operating costs of the systems, effective upon receipt of their Availability Fees; and
 - B. pay the costs of billing and collecting bills from customers.
- 1.6 Usage Fees are charges that customers who are connected to and are using the system pay to share in the variable operating costs of the water and sewer systems on a per thousand-gallon basis. Sewer customers will be charged based on their metered water usage.
- 1.7 Water Demand Charges are a flat fee that is added on to the monthly bill

of any customer/account whose monthly water usage exceeds twice the adopted average monthly water consumption for the usage category associated with the size of the meter on the customer's water service. The fee is charged in accordance with the Chart in Section 2.5 herein.

- 1.8 Penalties on Delinquent Accounts are charges that pay for the expenses of processing overdue accounts and are assessed on unpaid accounts that are remaining unpaid after the bill's or invoice's due date, typically the twentieth (20th) of the month following the mailing the bill or invoice.
- 1.9 Interest is charged to recoup interest income lost by the Authority and are assessed on accounts that are:
 - A. over sixty (60) days past due; and
 - B. shall be charged an interest penalty on a percentage (%) per year on the overdue unpaid principle.
- 1.10 Termination/Reconnection Charges are assessed on accounts that have had their service interrupted for default of payment. Since the Authority is billed by the Town of Remington for its Termination/Reconnection expenses, or incurs additional direct overhead expenses when services are Terminated/Reconnected, these charges must be paid in full before service is restored.
- 1.11 Returned Check Fees are assessed for each check returned to the Authority for any reason, to cover the extra costs to the Authority and the charges imposed by the banks.
- 1.12 New Account Fees are charges for the overhead of establishing new billing accounts and are assessed for:
 - A. each new water or sewer account initiation of service; or
 - B. change of owner or tenant; or
 - C. any other such reason that requires a billing change.
- 1.13 Water Service Deposits are monies which guarantee payment for services previously received in the event a renter/lessee moves and are collected prior to the initiation of service to either residential rental or commercial accounts but are not required of owner/applicants.
- 1.14 Sewer Service Deposits are monies which guarantee payment for services previously received in the event a renter/lessee moves and are collected prior to the initiation of service to either residential rental or commercial accounts but are not required of owner/applicants.

- 1.15 Construction Meter Deposits are monies which guarantee the return and/or repairs of the Authority's construction meters and are assessed to any applicant requiring a construction meter (generally temporary or bulk purchases) and shall not be returned until a final inspection has been conducted to insure all work requirements are met.
- 1.16 Meter Installation Fees are assessed to any applicant for meters installed up to five (5) working days from receipt of payment.
- 1.17 Rush Meter Installation Fees are assessed to any applicant requiring meters to be installed in less than five (5) working days from receipt of payment.

- 1.19 Meter Replacement Fees are assessed when a meter has been replaced at the request of the Subscriber.
- 1.20 Meter Test Fees are assessed for any subsequent tests of a Subscriber's meter after its initial test has been performed.
- 1.21 Subscriber - shall mean any person or entity connected to the water and/or sewer system of the Authority.
- 1.22 Unauthorized Water/Sewer Use Fees are assessed to any person or other legal entity who shall use water from or discharge sewerage into any Authority system in any manner without prior authorization of the Authority or without payment of the required charges for its services.

In addition, separate fees shall be charged for each day, or portion thereof, that the unauthorized service has occurred. Examples of unauthorized uses to be charged under these fees shall include but not be limited to:

- 1.27 Final Subdivision Plat Review Fees are assessed to any applicant requiring the Authority's review and/or approval of any final subdivision plat submitted to it, as part of the approval process for the County of Fauquier and are charged to recover the associated costs of said services.
- 1.28 Plan/Plat Re-Review Fees are assessed whenever the Authority's initial round of review comments are not adequately incorporated into a subsequent submittal of revised plans/plats, or changes have been made to plans/plats after approval and are charged to recover the extraordinary costs of said re-review.
- 1.29 Inspection Fees are assessed to any applicant requiring the Authority's inspection of any construction and includes the first inspection and one re-inspection.
